Remarks

CROWN 80%
 These lands are considered heritage sensitive either in whole or in part. They contain recorded archaeological, historical or palaeontological sites or are judged to have high site potential due to their proximity to major waterways, lakes, sheltered valleys, hummocky terrain, or other heritage sensitive landforms.
 Petroleum developments on these lands may require heritage resource impact assessment, pursuant to Section 63 of The Heritage Property Act, prior to any land disturbance.

Term Adjustments - No Data
