2. SCHEDULES

The following Schedule is attached to and made a part of this Royalty Agreement:

Schedule “A” Royalty Lands, Royalty Wells and Title Documents.

3. **OVERRIDING ROYALTY**

3.01 **Grant of Overriding Royalty**

(a) In consideration of the payment by the Royalty Owner to the Grantor of that portion of the the Drilling Payment representing Maple Leaf's share of the drilling and completion costs of each Initial Royalty Well (as provided for in Clause 3 of the Drilling Participation Agreement), the Grantor hereby grants to the Royalty Owner as of the Effective Date, an Overriding Royalty, which shall be comprised of:

(i) until such time as the Royalty Owner has received aggregate royalty revenues from the Overriding Royalty granted hereunder equal to the amount of \$2,860,000, a gross overriding royalty of 20% on all Crude Oil, Natural Gas and NGLs within, upon or under the Royalty Lands corresponding to such Royalty Well and produced from such Royalty Well; and

(ii) from and after such time as the Royalty Owner has received aggregate royalty revenues from the Overriding Royalty granted hereunder equal to the amount of \$2,860,000, a gross overriding royalty of 10% on all Crude Oil, Natural Gas and NGLs within, upon or under the Royalty Lands corresponding to such Royalty Well and produced from such Royalty Well;

provided, however, if the Royalty Owner receives a Drilling Penalty Payment (as defined in Paragraph 6 of the Drilling Participation Agreement), the revenue royalty amount set forth above shall be reduced by the aggregate amount of all such Drilling Penalty Payments received by the Royalty Owner. By way of example, (i) if the Grantor fails to drill one (1) Initial Royalty Well, the royalty revenue threshold to be achieved before the gross overriding royalty percentage is decreased shall be reduced to \$2,380,000; and (ii) if the Grantor fails to drill two (2) Initial Royalty Wells, the royalty revenue threshold to be achieved before the gross overriding royalty percentage is decreased shall be reduced to \$1,900,000.

(b) For purposes of the foregoing, the gross volume of the Petroleum Substances comprising the Overriding Royalty shall be the applicable percent of the quantity (if taken in kind) or the Current Market Value (if not taken in kind), of the Grantor's Interest in Petroleum Substances produced, saved and marketed from, or allocated to, the Royalty Wells each month and will not be subject to any operating cost contribution, facility fees, transportation costs or other costs and expenses associated with bringing the Petroleum Substances to the Point of Delivery, or any other deductions of any nature or kind whatsoever. The Grantor shall make commercially reasonable efforts to maximize its Current Market Value, taking into consideration what is available to a prudent operator of similar size, for the Petroleum Substances.

- (c) For each Royalty Well, the Overriding Royalty payable hereunder in respect thereof shall become payable upon the commencement of production from such Royalty Well.
- (d) The Parties shall, as required, amend Schedule "A" hereto so as to include such additional Royalty Wells and Royalty Lands, effective as of the Effective Date that the Grantor grants to the Royalty Owner an Overriding Royalty therein pursuant to Clause 3.01(a) hereof.

3.02 Future Horizontal Wells on Royalty Lands

The Parties acknowledge that, pursuant to the provisions of Clause 7 of the Drilling Participation Agreement, in the event that the Grantor drills a horizontal well or wells intersecting any portion of the Royalty Lands, the Royalty Owner shall be entitled to a further overriding royalty in respect of production of Petroleum Substances from such horizontal well or wells, all in accordance with the provisions of the Drilling Participation Agreement. In such event, the Parties shall amend the provisions of this Royalty Agreement, including Schedule "A" hereto, to provide for such additional overriding royalty, and such horizontal well(s) shall thereafter be Royalty Wells.

4. OVERRIDING ROYALTY NOT TAKEN IN KIND

4.01 Payments Made to Royalty Owner Monthly

When and to the extent that the Royalty Owner is not taking its share of Petroleum Substances in kind, every sale of Petroleum Substances produced from the Royalty Lands shall include the Royalty Owner's Overriding Royalty share thereof. The Grantor shall remit to the Royalty Owner all monies accruing to the Royalty Owner on account of the Overriding Royalty within six (6) weeks of the end of each respective calendar production month. If the Grantor at any time fails to deliver in a timely manner a cash payment required to be paid to the Royalty Owner hereunder, the amount thereof shall bear interest at the Prime Rate plus two percent (2%), accruing from the date owing to the date upon which the payment is actually received by the Royalty Owner. Such interest shall be payable by the Grantor without demand therefor and be payable both before and after judgment.

4.02 Statements Provided to Royalty Owner

The Grantor shall enclose with each monthly payment to the Royalty Owner the following information:

- (a) a statement for each Royalty Well showing the quantity and kind of the Petroleum Substances (categorized as Crude Oil, Natural Gas and NGLs) produced, saved and sold or stored as inventory from such Royalty Well, and the Grantor's Interest share thereof, in the applicable production month and the Current Market Value of the Grantor's Interest share of such Petroleum Substances, together with a calculation of the amount to be paid in respect of the Overriding Royalty for such applicable production month; and

- (b) if requested, and within 7 days of such request, a copy of the Grantor's governmental production statement for the month for which the Overriding Royalty is calculated and, with respect to Crown leases, if applicable, a copy of the Crown royalty statement. Any information contained in such governmental production statement or Crown royalty statement need not be repeated in the Grantor's statement to the Royalty Owner.

The Grantor shall also provide, upon the Royalty Owner's reasonable request, the Royalty Owner with monthly and annual operating reports in respect of the Royalty Lands as well as any other documents, statements or reports mutually agreed to be provided by the Grantor to the Royalty Owner.

5. OVERRIDING ROYALTY TAKEN IN KIND

5.01 Right to Take In Kind

- (a) The Royalty Owner shall have the right, in its sole discretion, to take in kind the Royalty Owner's share of any or all Petroleum Substances. Such right may be exercised separately with respect to Crude Oil, Natural Gas, NGLs or any individual component of Petroleum Substances. In the case of Crude Oil and NGLs, such right shall only be exercised on a minimum of forty-five (45) days notice to the Grantor. In the case of all other Petroleum Substances such right shall only be exercised on two (2) months notice to the Grantor. If the Royalty Owner, however, consents in writing to the sale of any of the Royalty Owner's share of Petroleum Substances under a contract made by the Grantor providing for a minimum term in excess of the said respective notice periods, the Royalty Owner's right to take in kind any Petroleum Substances subject to such contract shall be suspended during the term of such contract. The Royalty Owner may cease to take in kind any Petroleum Substances upon giving the Grantor forty-five (45) days notice. The right to take in kind or to cease to take in kind may be exercised from time to time subject only to the foregoing provisions of this Subclause.
- (b) The Royalty Owner will supply the Grantor with such information regarding the Royalty Owner's arrangements for disposition of those Petroleum Substances as the Grantor may reasonably require to coordinate custody transfer and shipping arrangement for those Petroleum Substances. Failure to provide the Grantor with that information will be deemed to be a failure by the Royalty Owner to take the Petroleum Substances in kind.
- (c) To the extent the Royalty Owner takes its share of Petroleum Substances in kind, title to and risk of loss of Petroleum Substances produced from the Royalty Wells shall pass from the Grantor to the Royalty Owner at the Point of Delivery. The Grantor shall be responsible for all production and operating activities in respect of said Petroleum Substances prior to delivery by the Grantor to the Point of Delivery.

5.02 Grantor's Responsibilities

When the Royalty Owner is taking in kind any of the Royalty Owner's share of Petroleum Substances, the Grantor shall deliver the same to the Royalty Owner, or its nominee, at the Point of Delivery in accordance with usual and customary transportation, pipeline and shipping practice, free and clear of all gathering, processing, treating, transportation and other charges whatsoever. The Grantor shall have no obligation to deliver Petroleum Substances taken in kind by the Royalty Owner beyond the Point of Delivery. In respect of Crude Oil, at no cost to the Royalty Owner, the Grantor shall remove basic sediment and water therefrom in accordance with good oilfield practice so that pipeline specifications in that regard will be met. The Grantor will not incur incremental gathering, processing, treating, transportation and other charges whatsoever, including the removal of basic sediment and water from Crude Oil production, as a result of the Royalty Owner electing to take in kind. The Royalty Owner shall also have the right to use free of charge a proportionate share of the Grantor's leased or owned tankage and storage facilities, to the extent that such tankage or storage is required in respect of an accumulation of the Royalty Owner's share of Petroleum Substances.

5.03 The Grantor as Trustee

The Grantor shall hold the Royalty Owner's share of Petroleum Substances produced and severed from the Royalty Lands as trustee for and on behalf of the Royalty Owner until such time as they are delivered to the Royalty Owner at the Point of Delivery.

6. RIGHT TO AUDIT

6.01 Examination of Records

The Royalty Owner shall have the right to audit the records of the Grantor insofar as they relate to the production, disposition or sale of the Overriding Royalty. The books, records and accounts maintained by the Grantor in respect of the Overriding Royalty shall be open to inspection, upon reasonable notice to the Grantor, by an officer, agent, employee or other person appointed or authorized by the Royalty Owner, in writing, to examine the same. The Grantor shall be obligated to maintain its books, records and accounts for at least twenty-six (26) months after the end of the fiscal year in which such books, records and accounts relate.

6.02 Discrepancies

- (a) Any payment made or statement rendered by the Grantor hereunder in respect of the Overriding Royalty for any month in a calendar year which is not disputed by notice in writing by the Royalty Owner on or before the last day of the twenty-six (26th) month following the end of the calendar year, shall be deemed to be true and correct unless the Royalty Owner has requested in writing an adjustment to such payment prior to the end of such period and except audit queries from an audit pursuant to Clause 6.01 that remain unresolved.

- (b) In the event that a dispute notice is delivered by the Royalty Owner to the Grantor in accordance with Clause 6.02(a), the Grantor and the Royalty Owner shall thereupon diligently attempt to resolve the dispute in a timely manner.

7. RATEABLE PRODUCTION

7.01 Grantor to Produce Rateably

The Grantor shall, subject to the provisions of Clause 13.01, use commercially reasonable efforts to produce Petroleum Substances from the Royalty Lands rateably with any other similar substances produced from any lands within the same pool (as designated by the regulatory authority having jurisdiction) or the same zone in which the Grantor, or any Affiliate of the Grantor, has an interest and the Grantor covenants that it will not discontinue the production of Petroleum Substances from any Royalty Well due to marketing conditions, unless production is likewise discontinued from the other wells in the same pool or zone operated or controlled by the Grantor. Further, the Grantor covenants that it will not discriminate against producing Petroleum Substances from a Royalty Well subject to a higher Overriding Royalty hereunder in favour of producing Petroleum Substances from a Royalty Well with a lower Overriding Royalty hereunder.

7.02 Grantor to Market Rateably

The Grantor shall, subject to the Clause entitled “Overriding Royalty Taken In Kind” and to the provisions of Clause 13.01, use commercially reasonable efforts to market any of the Petroleum Substances produced or capable of being produced from the Royalty Lands rateably with any other similar substances produced from any lands within the same pool (as designated by the regulatory authority having jurisdiction) in which the Grantor, or any Affiliate of the Grantor, has an interest and further the Grantor covenants that it will not discriminate against the Petroleum Substances produced or capable of being produced from the Royalty Lands in the sale and marketing of the same.

8. RIGHT TO COMMINGLE

8.01 Grantor May Commingle Petroleum Substances

The Grantor shall have the right to commingle Petroleum Substances produced from the Royalty Lands with Petroleum Substances produced from other lands, provided that commercially reasonable methods are used to determine the proper measurement of individual well production.

9. POOLING AND UNITIZATION

9.01 Pooling

The Grantor shall at any time and from time to time have the right to pool the Royalty Lands or any part or parts thereof with any other lands for the production of Petroleum Substances therefrom, including for the purpose of forming a Spacing Unit, without obtaining the consent of the Royalty Owner. Upon such pooling, the Royalty shall be

quantified on the basis of production allocated to the Grantor's interest in the Royalty Lands under the plan of pooling, or, where applicable, is as determined pursuant to the provisions of Clause 7 of the Drilling Participation Agreement, and not on the basis of actual production from the Royalty Lands.

9.02 Unitization

The Grantor may, without the consent of the Royalty Owner, include the Royalty Lands or any part of parts thereof in a unit agreement or a unit operating agreement for the unitized development and/or operation thereof with other lands. Upon any such unitization, the Royalty shall be quantified on the basis of the production allocated to the Grantor's interest in each unit tract on the Royalty Lands as defined in the plan of unitization and not upon the basis of actual production from the Royalty Lands.

9.03 Equitable Allocations

- (a) The Grantor shall ensure that the allocation of production to Royalty Lands under a pooling or unitization arrangement is fair and equitable or, where applicable, is as determined pursuant to the provisions of Clause 7 of the Drilling Participation Agreement.
- (b) The Grantor shall not make or agree to any allocation of production to Royalty Lands under a pooling or unitization arrangement where such allocation would be disproportionately prejudicial to the interest of the Royalty Owner.
- (c) The Grantor shall provide the Royalty Owner with a copy of any such pooling or unitization arrangement promptly after it is entered into.

10. ASSIGNMENT

10.01 Assignment by the Grantor

The Grantor may, from time to time, sell, transfer, assign, mortgage, charge, grant a right, title or interest in or to, grant or allow to exist any encumbrance in respect of or otherwise encumber, in whole or in part, any legal or equitable interest, right and obligation under this Agreement, the Overriding Royalty or any portion or portions thereof, provided that, if the Grantor wishes to assign, transfer or sell any interest, right or obligation under this Agreement in respect of a Royalty Well for which the drilling commitment in Paragraph 5 of the Drilling Participation Agreement has not then been satisfied, other than by way of charge or grant of a security interest, the Grantor may sell, transfer or assign such interest, right or obligation so long as the following conditions are satisfied:

- (a) the Grantor shall provide the Royalty Owner with 30 days' written notice of its intention to sell, transfer, assign or dispose of its rights and obligations under this Agreement;

- (b) the proposed purchaser, transferee or assignee of the Grantor's interest in the Overriding Royalty must agree, in writing, to be bound by and subject to the terms and conditions of this Royalty Agreement;
- (c) the Grantor shall remain liable for all unfulfilled obligations under this Agreement which accrued prior to assignment or charge becoming effective; and
- (d) the Royalty Owner does not suffer a material adverse effect in relation to the transactions contemplated in the Drilling Participation Agreement or this Agreement.

10.02 Assignment by the Royalty Owner

The Royalty Owner may, from time to time, charge, pledge or assign as security to a lender or otherwise assign any legal or equitable interest in this Agreement, the Overriding Royalty or any portion or portions thereof upon notice thereof to the Grantor; provided that if at any time the Overriding Royalty should become owned by more than one party, the Grantor shall have the right to require the assignees of the Overriding Royalty to appoint in writing an agent to represent all the assignees of the Overriding Royalty in the exercise of the Royalty Owner's rights hereunder, and to receive all statements and payments (if any) of the Overriding Royalty. If the assignees of the Overriding Royalty fail to appoint an agent hereunder within thirty (30) days of any request to do so by the Grantor, the Grantor may withhold the Overriding Royalty until such time as an agent is appointed.

10.03 Royalty Buy Back

For a period of 18 months following the date of this Agreement, the Grantor shall have an option to buy back from the Royalty Owner all of the Overriding Royalty interests granted in respect of the Royalty Wells under this Agreement for a fixed price of three million, five hundred and seventy thousand Canadian dollars (CDN\$3,570,000), less any cash flow received from such Royalty Wells and any amounts received by the Royalty Owner pursuant to Paragraph 5 of the Drilling Participation Agreement as a result of the failure by the Grantor to drill any Royalty Wells. For clarity, this option can be exercised at any time within the 18-month period and must be exercised in its entirety. Partial buy backs of Overriding Royalty interests in respect of individual Royalty Wells will not be permitted hereunder. In the event of the exercise by the Grantor of this buy-back option, the Royalty Owner shall take all such steps as are reasonably required to reconvey the Overriding Royalty to the Grantor, and this Agreement shall terminate, other than Clauses 6, 12, 13.06 and 15.07, which provisions shall survive any termination of this Agreement.

11. LIEN

11.01 Royalty Owner's Lien

- (a) The Royalty Owner shall be entitled to and shall have a first and paramount lien upon the Grantor's share of all Petroleum Substances from time to time produced

from the Royalty Lands to secure the payment of the Overriding Royalty. Such lien shall not operate to release the Grantor from liability for any amounts due to the Royalty Owner. Such lien shall not attach to the Grantor's share of Petroleum Substances sold or otherwise disposed of from the Royalty Lands, but immediately upon failure of the Grantor to pay the Royalty Owner any amounts due hereunder in accordance with the terms of this Agreement, such lien shall operate as an assignment to the Royalty Owner of the consideration thereafter payable to the Royalty Owner for the Petroleum Substances sold, up to the amount owed to the Royalty Owner and not so paid by the Grantor.

- (b) In the event of a default by the Grantor of its obligation to pay the Overriding Royalty to the Royalty Owner as provided herein:
 - (i) Service of a copy of this Agreement upon any purchaser of Petroleum Substances together with written notice from the Royalty Owner shall constitute written authorization on the part of the Grantor for such purchaser to pay the Royalty Owner the proceeds from any sale or sales of the Grantor's share of Petroleum Substances, up to the amount owed to the Royalty Owner by the Grantor, and such purchaser is authorized to rely solely upon the statement of the Royalty Owner as to the amount owed to the Royalty Owner by the Grantor; and
 - (ii) The books and records kept by the Royalty Owner shall constitute *prima facie* evidence of the existence of such default, although no purchaser shall be obliged to examine the same before acting upon such notice of default.

12. CONFIDENTIAL INFORMATION

12.01 Confidentiality Requirement

Except as provided herein, all data and information of any nature supplied by one Party to the other pursuant hereto, shall be kept confidential unless (i) the Parties agree to the dissemination of such information, (ii) such Party has, subsequent to the disclosure to the other Party, disclosed the data and information to the public generally, (iii) a Party is required by law to give such information to any governmental department, body or agency, or (iii) a Party needs to disclose the information to its accountants, financial institutions or other third parties provided such third parties first agree with such Party to be bound by the terms of this Clause.

12.02 Disclosure To Affiliates

The provisions of this Clause shall not apply to disclosures to Affiliates provided that such Affiliates agree to be bound by the terms of this Clause.

13. DEVELOPMENT AND OPERATIONS

13.01 Development of Royalty Lands

The Grantor shall use commercially reasonable efforts to ensure that all Crude Oil, Natural Gas and NGLs produced from the Royalty Lands will be processed in a prompt and timely manner. In addition to the covenants in Clause 7.01, the Grantor shall not cease to process any production from the Royalty lands or reduce the rate at which production from the Royalty Lands occurs, in favour of production from other sources. Notwithstanding the foregoing, nothing in this Agreement shall require the Grantor to continue to produce from a Royalty Well if the Grantor will incur a loss in continuing such production. Further, subject to Clause 13.02, nothing in this Agreement will require the Grantor to expend funds on recompleting or initiating enhanced recovery techniques on a Royalty Well, notwithstanding the Grantor may have taken similar actions in respect of other oil and natural gas wells on adjacent or surrounding lands. The Royalty Owner agrees that any recompletion or initiation of enhanced recovery techniques on wells other than a Royalty Well by the Grantor shall be deemed not to be prejudicial to production from any affected Royalty Wells. Grantor agrees that the Royalty Wells will remain production wells and will not be converted to injection or disposal wells without the written consent of Royalty Owner, which may be withheld at Royalty Owner's sole and absolute discretion.

13.02 Operations

- (a) The Grantor shall have sole discretion as to any decision to conduct operations or activities on the Royalty Lands, and as to the manner of such operations or activities, provided that if performed, it shall perform all operations and activities in respect of the Royalty Lands in a prudent manner and in accordance with good oilfield practices.
- (b) Other than as contemplated in this Royalty Agreement or in Clause 7 of the Drilling Participation Agreement, the Royalty Owner shall not have any contractual rights relating to the development or operation of any of the operations of the Grantor in respect of the Royalty Lands.
- (c) Other than as expressly contemplated in the Drilling Participation Agreement, the Royalty Owner shall not be required to contribute any capital or pay for any expenses, including maintenance expenses, relating to the operations of the Grantor in respect of the Royalty Lands.
- (d) Other than the obligations contained in Clauses 7.01 and 13.01, nothing in this Agreement shall limit or restrict the right of the Grantor to develop or conduct operations on or in respect of any geological formation other than the Montney Interval, and the Royalty Owner shall have no rights pursuant to this Agreement in respect of, and the Overriding Royalty shall not attach to, any Petroleum Substances produced as a result of such operations.

13.03 Access to Properties and Reporting

- (a) During the term of this Royalty Agreement, the Royalty Owner shall have, at all reasonable times and upon reasonable notice to the Grantor, at the Royalty Owner's sole risk and expense, a right of access by a representative(s) of the Royalty Owner to the Royalty Lands and any other facilities owned or operated by the Grantor, or its Affiliates, and to any technical information pertaining to the Royalty Lands, for the purpose of allowing the Royalty Owner (i) to monitor compliance with the terms of this Royalty Agreement, (ii) to prepare required engineering reports in respect of the Royalty Lands and the Petroleum Substances produced therefrom in accordance with National Instrument 51-101, and (iii) to comply with the disclosure obligations of the Royalty Owner under applicable Canadian security laws and stock exchange rules and policies, as applicable.
- (b) If the Royalty Owner or any of its representatives are permitted at any time to visit any properties or facilities of the Grantor, or its Affiliates, the Royalty Owner shall indemnify and save the Grantor harmless from and against any and all claims and liabilities, including costs and expenses for loss, injury or death of any person, and any loss, damage or destruction of any property owned by the Grantor or any other person or otherwise (including claims or liabilities for loss of use of any property) resulting directly from the negligence or wilful misconduct of the Royalty Owner or any of its representatives during any such visit; provided, however, the Grantor shall reimburse the Royalty Owner for any amounts with the Grantor subsequently receives as compensation for any such loss or damage from an insurer.

13.04 Processing and Transportation Agreements

All processing or transportation agreements maintained or entered into by the Grantor in respect of Petroleum Substances produced from the Royalty Lands shall, during the term of this Royalty Agreement, be on arm's length commercial terms consistent with normal industry standards and practice in Canada.

13.05 Surrender of Royalty Lands

- (a) At any time within ninety (90) days of the next anniversary date or other date on which an obligation must be fulfilled to maintain a Title Document in good standing, the Royalty Owner may notify the Grantor in writing that it wishes to take assignment of certain or all of the Royalty Lands set to expire.
- (b) Within ten (10) days after receipt of such notice from the Royalty Owner, the Grantor shall inform the Royalty Owner that it either (i) proposes operations in respect of said Royalty Lands or otherwise proposes to maintain the Title Document in good standing, by continuance or otherwise, or (ii) that it proposes to surrender said Royalty Lands. If the Grantor fails to respond to the notice from the Royalty Owner within said ten (10) day period, the Grantor shall be deemed to have elected (ii) above, proposing a surrender of said Royalty Lands.

- (c) If the Grantor elects, or is deemed to have elected, to surrender said Royalty Lands, the Grantor shall then forthwith make an assignment to the Royalty Owner of said Royalty Lands, free and clear of all liens, charges or other encumbrances of any nature or kind created by, through or under the Grantor. Such assignment shall be effective as of the date the notice is given by the Royalty Owner and all benefits and obligations in respect of said Royalty Lands shall be apportioned between the Royalty Owner and Grantor as of such effective time.
- (d) If the Grantor proposes operations in respect of the Royalty Lands or otherwise proposes to maintain the Title Document in good standing in accordance with Clause 13.05(b)(i) above, the Grantor shall use commercially reasonable efforts to ensure such operations are commenced or such Title Document is otherwise continued and such Royalty Lands are not surrendered.

13.06 Indemnification for Operations

The Grantor shall be liable to the Royalty Owner for all losses, costs, damages and expenses the Royalty Owner sustains, pays or incurs, and shall indemnify and save the Royalty Owner harmless from and against all actions, claims, demands, losses, costs (including legal costs on a solicitor and his own client basis), damages and expenses brought against or suffered by the Royalty owner or that the Royalty Owner sustains, pays or incurs in respect of or as a result of any operations or environmental liabilities, occurring in respect of the Royalty Lands and the Royalty Wells.

14. NOTICES

14.01 Service of Notices

Whether or not so stipulated herein all notices, communications and statements (herein called “**notices**”) required or permitted hereunder shall be in writing. Any notice to be given hereunder shall be deemed to be served properly if served in any of the following modes:

- (a) personally, by delivering the notice to the Party on whom it is to be served at that Party’s address for service, which notice shall be deemed received by the addressee when actually delivered as aforesaid, if such delivery is during normal business hours; provided that if a notice is not delivered during the addressee’s normal business hours, such notice shall be deemed to have been received by such Party at the commencement of the next ensuing business day following the date of delivery;
- (b) by facsimile (or by any other like method by which a written and recorded message may be sent) directed to the Party on whom it is to be served at that Party’s address for service, which notice shall be deemed received by the respective addressees thereof: (i) when actually received by them, if received within normal business hours; or (ii) at the commencement of the next ensuing business day following transmission thereof, if such notice is not received during such normal business hours; or

- (c) by mailing it first class (air mail if to or from a location outside Canada) double registered post, postage prepaid, directed to the party on whom it is to be served at that Party's address for service, which notice shall be deemed to be received by the addressee at noon, local time, on the earlier of the actual date of receipt or the fourth (4th) day (excluding Saturdays, Sundays and statutory holidays) following the mailing thereof; provided that, if postal service is interrupted or operating with unusual or imminent delay, notice shall not be served by such means during such interruption or period of delay.

For notice periods of forty-eight (48) hours or less, the applicable notice shall be given in accordance with paragraph (a) or (b) of this Subclause.

14.02 **Addresses For Notices**
